

## PHILOSOPHY & MISSION STATEMENT

For our customers we are not only suppliers and for our suppliers we are not only customers – we are the connecting partner between both.

Our mission is to establish an intensive and long term relationship with our business partners based on trust and respect. We count on competence, loyalty, quality and an appropriate knowledge of the market. Due to our size and company structure we are able to act fast and with flexibility according to the needs of our partners. Business deals are finally made by persons with persons. Therefore humans are always number one, as customer, as supplier and as employee. Attitude towards other people is always fair minded and human, because only a climate of confidence can create operational excellence. Our teamwork is based on competence and respect, sometimes even friendship. Problems are solved with fairness and in partnership.

## QUALITY MANAGEMENT

Our ISO9001:2015 certified Quality Management System guarantees companywide comprehensible operations and ensures a constant quality level of our products and provisions of service. The Quality Management System covers:

- Product Marketing
- Sales
- Order Processing
- Customer Returns
- Product Handling and Warehousing

## CONSULTING

Ineltro offers comprehensive support during product development. Our sales and product managers with several years of experience in their product areas will focus on your specific technical needs. They will advise you on all products in our delivery programme. This starts at the design in with the examination of all possible solutions, the selection of appropriate components up to the transition into mass production. We share our knowledge with you.

## AWARDS

„Together we want to be the best“ – this is the slogan with which Ineltro endeavours to fulfil customer expectations. We are delighted that important customers appreciate our efforts by granting awards and prizes to us again and again. To be amongst the best suppliers makes us very proud and satisfied. The positive feedback shows that we really meet customer expectations and that we are on the right track. At the same time it binds us to our motto “Together we want to be the best” also for the future.

## WAREHOUSE

The total storage area of our warehouse is 1900 m². 1200 m² comprised of 1260 pallet locations on 4 high-rack levels and a further 700 m² storage area accommodated in 7 modern vertical Megamat carousels.
